(\$25.00 Savings)

Couples \$85.00 an hour (3) sessions for \$200.00
(\$55.00 Savings)

What better way to learn photography than hands on with one of the industries best. I offer 11 years of professional photography experience here in the Pacific Northwest. I am the 2009 (WNPA) Washington Newspapers Publishers Associations photographer of the year. My work has been published in Sports Illustrated, TV Guide, ESPN, Harrison Hospital, Esquire Magazine, Kitsap Sun, Kitsap Pumas and hundreds of newspapers, websites and magazines across the country.

You will get one on one training at location of your choice. Bring your gear along and learn how to use it the correct way. Learn the different angles and techniques to capture those breath taking photos. If it's sunsets, sports, nature or portraits I will teach you the correct way to capture those award winning photos. You will learn the correct f-stops and shutter speeds to use to create the photo you desire. We can also do inside photography if you are trying to master photography inside were the lighting can be a challenge.

While getting one on one training you will get to see how a professional photographer captures the image at hand. I will bring out my professional gear to show you how I would go about creating a photo and show you the results.

One on one training will be held anywhere in Kitsap County that you desire. I will meet you on location and we can spend the afternoon taking pictures. If you want to go outside Kitsap County to photograph there will be a \$20.00 travel fee added on. I will be bringing my gear to demonstrate and allow you to see how to create a photo, you will need to bring your camera, lens, tripod and flash so we can work side by side.
